CSA Standard B125, 2.2
U.S. GPM

Complies with NSF
Standard 61, Section 9

The model FA400-114 is ideal for bathroom applications where automatic faucets are an intricate component of the room's overall design element. This unique Victorian Style faucet is also available with optional matching water mixing valve and matching soap dispenser. However, don't let the good looks fool you. The model FA400-114 is a heavy duty faucet that is designed for heavy traffic applications. It features the Faucet Automator model FA400. Manufactured to last, the FA400 employs the latest in plug and play digital electronics, solid brass solenoid valve with integral filter and water flow adjustment, and it all comes in a package that is a breeze to install.
