All the hardware necessary  
for satisfactory installation

ANSI A112.18.1M

CSA Standard B125,  
2.2 U.S. GPM

Complies with NSF  
Standard 61, Section 9

The model 610-63MX is designed for residential and executive applications. It has an integral water mixing valve that enables the individual user to adjust water to the desired mix. Home owners may find this model a great addition to the powder room or the kids bathroom. It is not recommended for public use because of this user adjusted water mixing valve that is located at the side of the faucet. This faucet is shipped complete.
